Which Girl Scout Cadette Journey Badge in a Bag® Should We Choose?

Impact Journey Badge in a Bag®

Earn the MEDia Cadette Journey
Learn how media influences your life and how you can make an impact on those in your community. You’ll make a video or other creative media project.

- You will discover how the Girl Scout law relates to media by making a wall hanging with inspirational quotes.
- Examine print media for good and bad messages and turn the bad messages into a recycled locker caddy.
- Question the values in music and TV and learn to focus in on the positive by trying out the role of director in your life.
- Make a sleep mask and learn how to balance your online life with your life offline.
- Discover the fun and freedom you can have when your phone is in a time-out chair.
- Determine how some media negatively affects your community and use media to make an impact that leads to change.

Peace Badge in a Bag®

Earn the aMaze Cadette Journey
Learn how to find peace in your life everyday and to spread it through your community with a Take Action project that can really make a difference.

- You will make pom pom faces that grow as your confidence grows throughout the journey.
- Decorate a box to store keepsakes to remind you of what you have learned.
- Learn to navigate the maze of relationships in your life and make a maze game.
- Decorate a peace sign to make for your room and keep inner peace in your life.
- Make a computer buddy to sit by your computer and be a reminder for safe surfing.
- Practice teamwork with a game of pom soccer and by doing mad libs.
- Learn to weave your way through friendships and weave friendship knot swaps.
- Practice teamwork with a game of pom soccer and by doing mad libs.

Fresh Air Journey Badge in a Bag®

Earn the Breathe Cadette Journey
By exploring how air quality effects all of our senses you will be guided into planning a project to prevent pollution from affecting our air quality.

- You will make a wind chime and listen to the sounds in the air, both from nature and man-made and find out how if effects your mood & your ability to function.
- See the air by making a windsock and discover what particles and be found in the air around you.
- Make a kite to learn about aerodynamics and weather while discussing what can be done during and after weather emergencies.
- Make your own natural cleanser and compare it to commercial products while discussing cleaning up our environment.
- Enjoy some time outside with aerodynamic flyers you decorate with duct tape.
