

Carnival

Carnival is Haiti's biggest celebration. Celebrations usually begin at the end of January and end with "Fat Tuesday," or Mardi Gras. Carnival is marked by colorful parades where locals wear outrageous costumes and parade the streets. There is lively music, traditional art and dances.

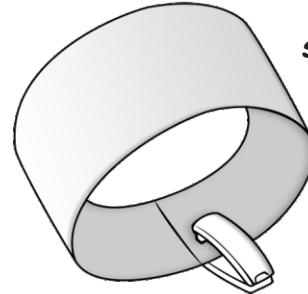

The largest Carnival in Haiti is celebrated in Port-au-Prince, with many more smaller scale festivities occurring in all parts of the island. Port-au-Prince's annual carnival is one of the largest Mardi Gras carnivals in the Caribbean and North America.
