

Super Easy Instructions for our Super Garden Journey

There Are 6 Parts

Each part has several download pages that can be completed in a one hour meeting. You'll have time to add a snack if you want to.

Instructions

The blue box has your instructions for completing that page.

The Story

The story is told by the Daisy girls in the download. Read aloud before completing the activities for the page.

Discussion

Between the pink dots are questions to ask your girls and ideas to encourage discussion. Read this section aloud after you have read the Daisies' words.

Super Economical Supply List

Scissors	Print One Download for Each Girl
Glue Sticks	Crayons in the Petal Colors
Stapler	Large Seeds Such as Sunflowers
Yarn or String	Empty Egg Cartons
Hole Punch	Yellow Card Stock (Optional)
Potting Soil	Blue Card Stock (Optional)
Craft Sticks	Blue Paper Cups
Posterboard	One Award Set for Each Girl

Reviewing or Earning the Petals

The petals are covered in the download. If all or some of your girls have not earned the petals, this is a good opportunity to earn them.

The colored ovals point out examples of the Daisies living by the Girl Scout Law. The girls cut out the ovals and glue them to the Law page.

The colored phrases in the girls' conversations also correspond to the petal colors.

GS Traditions

Throughout the journey, the girls learn about Girl Scout traditions. They are explained in the discussion sections.

Keeping the Girls Busy

Each page has portions that can be colored. As girls arrive, give them the first page to color until the meeting begins. Other pages can be colored if you have extra time at the end.
